Dear Sir:

In response to the Notice of non-Compliant Amendment dated June 2, 2005, the Examiner has asserted that amendments to the drawings were improperly filed in the applicant's response dated May 23, 2005. In fact, no amendments to the drawings were made in the applicant's response dated May 23, 2005. In support of its arguments in that response, the applicant filed a copy of the Canadian patent application corresponding to the subject application along with the affidavits of Georges Corbeil and John Caputi sworn in June, 2004. The drawings to which the Examiner objected were part of the Canadian patent application filed with this response.
